

PALESTINIAN HYDROLOGY GROUP
Water and Sanitation, Hygiene (WaSH) Monitoring Project
Weekly Report Questionnaire

A- GENERAL INFORMATION

Date:
Community ID: **Community name:** **Governorate:**
Interviewer: **Interviewer organization:**

B- WATER INFORMATION

Average price of tankers water: nowNIS/ m³ **Before Current Crisis**NIS/ m³
Water supply through all sources per month for domestic uses (*) : m³/month

C- OBSTACLES (during a week)

		Effect (**)	Names of fixed check points affecting:
1- Fixed check points effect on:	- Water supply by tankers:		1- 2- 3-
	- Maintenance teams access:		1- 2- 3-
	- Public Health Center access:		1- 2- 3-
			Effect (**)
2- Mobile check points effect on:	- Water supply by tankers:		
	- Maintenance teams access:		
	- Public Health Center access:		
3- Earth mounds effect on:	- Water supply by tankers:		
	- Maintenance teams access:		
	- Public Health Center access:		
4- Curfew effect on:	- Water supply by tankers:		
	- Maintenance teams access:		
	- Public Health Center access:		

5- Decreasing of supply by Mekorot during the current crises:

- Mekorot current supply: m³/month - Mekorot regular supply :m³/month
 - The Mekorot current supply is:% of Regular supply

6- Decreasing / Increasing of supplied tankers water for domestic uses (*) during the current crises:

- Tankers current supply: m³/month - Tankers regular supply :m³/month
 - The tankers current supply is:% of regular supply

7- Wells Damage: - Number of damaged wells: -Complete..... -Partial.....

8- Springs Damage: - Number of damaged springs: -Complete..... -Partial.....

9- Water Tankers Damage: - Number of damaged tankers: -Complete..... -Partial.....

10- Number of Damaged Roof Tanks:

11- Number of Damaged Cisterns:.....

12- Reservoirs Damage: - Number of damaged reservoirs: -Complete..... -Partial.....

13- Network Destruction: - Huge destruction (main lines) - Destruction of secondary lines only - No destruction

- **Percentage of affected population:** %

(*) : Including domestic agriculture, domestic livestock, and all losses, but not wide scale agriculture

(**): **NA:** Not Applicable

0: No Effect

1: Intermediate Effect

2: High Effect
